## ANNOUNCEMENTS

### CARDIOVASCULAR DISEASE: THE HIGH-RISK PATIENT—SNOWMASS, COLORADO

The Ohio State University College of Medicine and Center for Continuing Medical Education presents *Cardiovascular Disease: The High Risk Patient*, from March 20 to March 26, 1994 at Snowmass-Aspen, CO. A Symposium for physicians treating patients with atherosclerotic complications secondary to hypertension, hyperlipidemia and/or diabetes. An interspecialty faculty will present the most current treatment regimens, followed by panel discussions and case reviews. The participants, interacting with the faculty, will develop consensus approaches to complex problems in complicated patients. Presentations will feature both didactic and group discussion formats. For more information or for reservations, contact Leisl Ashbaugh at (614) 293-4159. RESERVE NOW!

### ISN CONFERENCE—FOREFRONTS IN NEPHROLOGY

The International Society of Nephrology is sponsoring a conference on "Molecular Basis of Renal Cystic Disease" to be held May 13–15, 1994, at the Queen's Landing Inn, Niagara-on-the Lake, Ontario, Canada. Conference cochairmen are Jared J. Grantham and John H. Dirks. Attendance is limited to 80 persons including faculty. A limited number of travel awards are available for young investigators. Some spaces will be reserved for an admission fee (\$100). For more information contact John Dirks, M.D., Room EN1-222, Toronto Hospital, 200 Elizabeth Street, Toronto, Canada M5G 2C4. Telephone, 416 340-4414; FAX, 416 340-3285. Application deadline is February 15, 1994.

### SEVENTH INTERNATIONAL CONGRESS ON NUTRITION AND METABOLISM IN RENAL DISEASE

The Seventh International Congress on Nutrition and Metabolism in Renal Disease will be held May 29–June 1, 1994, in Stockholm, Sweden. The Scientific Programme for Nephrologists, Dietitians, and Allied Professionals will include: State-of-the-Art Lectures, Symposia, Free Communications, and Poster Sessions. For more information, please contact: Anders Alvestrand, M.D., The Secretariat, 7th I.C.N.M.R.D., Department of Renal Medicine, Karolinska Institute, Huddinge University Hospital K56, S-141 86 Huddinge, Sweden. Tel. +46 8 7462609; FAX +46 8 7114742.

### INTERNATIONAL REGISTRY FOR GLUCOCORTICOID-REMEDIAL ALDOSTERONISM

An international registry for glucocorticoid remedial aldosteronism (GRA) has been established at the Endocrine/Hypertension Division of Brigham and Women's Hospital, Harvard Medical School, Boston, MA. Direct genetic testing for the gene duplication that characterizes this disorder is now available. For information, call 1-800-GRA-2262.

### STUDENT SCHOLARSHIPS IN KIDNEY DISEASE

The Council on The Kidney in Cardiovascular Disease of the American Heart Association is offering student scholarships to study kidney disease. The objective of these scholarships is to stimulate medical students to study the kidney and its diseases in an investigational setting. The scholarships can support special clinical training or clinical or laboratory research in kidney diseases. It is intended that students devote at least 2 months to the project. Selection will be based on the proposal, and the supervision is provided by a responsible preceptor. The amount of the stipend is \$1,500. Applications must be postmarked no later than April 1, 1994. For further information, contact: Verna Craven, American Heart Association, 7272 Greenville Avenue, Dallas, TX 75231; Phone: (214) 706-1261.
