ANNOUNCEMENTS

12TH COMPREHENSIVE NEPHROLOGY REVIEW COURSE

The UCLA School of Medicine Office of Continuing Medical Education is sponsoring the 12th Comprehensive Nephrology Review Course at the Miramar Sheraton Hotel in Santa Monica, CA on August 2–8, 1996. For more information, contact Deborah Carr, 10920 Wilshire Blvd. #1060, Los Angeles, CA 90024-6512. Phone: 310-794-2620.

UPDATE IN INTERNAL MEDICINE—1996

On August 4–9, 1996, Update in Internal Medicine—1996 will be held at the Sheraton New York Hotel & Towers, New York, NY, and is sponsored by the Departments of Medicine of Columbia-Presbyterian Medical Center, New York, NY, and Beth Israel Hospital, Boston, MA.

Update in Internal Medicine—1996 will also be held December 8–13, 1996 at the Westin Hotel Copley Place, Boston, MA, sponsored by the Department of Continuing Education, Harvard Medical School, and the Department of Medicine, Beth Israel Hospital, Boston, MA.

The objective of this course is to provide a comprehensive review of the most important advances that have recently been made in internal medicine. In addition to the overall review, the material presented will be excellent preparation for recertification examinations or for the Internal Medicine boards. CME credits available: Category I of the Physician's Recognition Award of the AMA. For more information, contact: Professional Meeting Planners, 5 Central Square, Suite 201, Stoneham, MA 02180. Telephone: 617-279-9875 or 800-378-6857; fax: 617-279-9875; e-mail: PMPMeeting@aol.com.

ISPD 98, SEOUL

The Eighth Congress of the International Society for Peritoneal Dialysis (ISPD) will be held in Seoul, Korea, on August 23–26, 1998. For further information, contact Dr. Hi Bahl Lee, Hyonam Kidney Laboratory, Soon Chun Hyang University, 657 Hannam Dong, Yongsan Koo, Seoul 140–743, Korea. Telephone: 82-2-709-9171; FAX: 82-2-792-5812; E-mail: hblee@korea.com; Internet: http://korea.com.

EIGHTH INTERNATIONAL SYMPOSIUM OF NEPHROLOGY AT MONTECATINI

The Eighth International Symposium of Nephrology at Montecatini will be held October 7–9, 1996 in Montecatini Terme, Italy. The title of the Symposium is "Progression of Renal Disease: Evaluation, Growth Factors and Other Mechanisms." The deadline for submission of abstracts for presentation is June 15, 1996. For further information regarding attendance, accommodations, or presentations, contact Claudio Bianchi, M.D., Professor of Nephrology, Unità di Nefrologia, Clinica Medica 2, University of Pisa, 56100 Pisa, Italy. Telephone: +39-50-592573; fax: +39-50-553414.

SIXTH ALEXIS CARREL CONFERENCE ON CHRONIC REJECTION AND GRAFT ATHEROSCLEROSIS

The Sixth Alexis Carrel Conference will be held in Banff, Canada on December 4–7, 1996. The meeting is aimed at transplant physicians, surgeons, pathologists, and immunologists, as well as health care professionals with an interest in transplantation. For information regarding registration and abstracts, please contact the conference organizer: Dr. Leendert C. Paul, St. Michael's Hospital, 30 Bond Street, Toronto, Ontario M5B 1W8, Canada. Telephone: 416-867-3701; fax: 416-867-3709; e-mail: lpaul@utoronto.ca.
Join the ASN in New Orleans in 1996.

The American Society of Nephrology’s 29th Annual Scientific Meeting and Exposition will be held November 3-6, 1996, at the Convention Center in New Orleans, Louisiana.

ASN members will automatically receive the Call for Abstracts and Preliminary Program. Nonmembers can receive meeting information by contacting the ASN Office at 1200 19th Street, N.W., Suite 300, Washington, DC 20036, Phone: 202/857-1190; Fax: 202/223-4579.

We look forward to seeing you there!

Abstract Deadline - Thursday, June 6, 1996
Annual Meeting Advance Registration Deadline - Tuesday, September 17, 1996

A RIVER RUNS THROUGH IT
Join another nephrologist in this quaint New York State community surrounded by lakes yet only a short distance from one of the State’s major cities. Mountains, dramatic vistas overlooking the valley make this an ideal setting for a growing nephrology practice. A new dialysis unit is opening shortly, a recently built office on the hospital campus and a kidney transplant center 35 miles away, further contribute to the practice’s attractiveness. Join our client as he builds his team and adds to his already impressive reputation. Wanda Parker, E. G. Todd Physician Search, One Byram Brook Place, Armonk, NY 10504, 914-273-5666, fax: 914-273-5895.

EXCELLENT NEPHROLOGY OPPORTUNITY IN SOUTHEASTERN METROPOLITAN AREA
Join the premier multi-specialty group in this major Southeastern city. Located in one of the loveliest areas of the country, this community features a major university, airport, and an abundance of recreational and cultural amenities. If you are looking for a great professional opportunity as well as a wonderful quality of life, please call Brian White (800) 235-6745.

DIRECTOR, DIVISION OF KIDNEY, UROLOGIC, AND HEMATOLOGIC DISEASES (DKUHHD)
The National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), located in Bethesda, MD, is seeking an outstanding physician for the position of Director, Division of Kidney, Urologic, and Hematologic Diseases (DKUHHD). This is a Senior Executive Service (SES) permanent full-time position with a salary range of $100,526 to $122,688 per annum commensurate with qualifications. Applicants must demonstrate research experience and knowledge of research programs in one or more areas related to kidney, urologic, and hematologic diseases. May be eligible for Physicians Comparability Allowance of up to $20,000 per year. A recruitment bonus of up to 25% may be available to a non-Federal applicant.

The deadline for receipt of application is July 31, 1996.
The Director, DKUHHD, is the principal advisor to the Director, NIDDK, on matters and policies pertaining to research grants, contracts, training and specialized programs in kidney, urologic, and hematologic diseases including basic and applied research, training fellowships and institutional training awards, and clinical trials. Additionally, the incumbent may have the opportunity to conduct independent research projects in the area of kidney, urologic and hematologic diseases.

FOR MORE INFORMATION CONTACT MS. JOANNA VOIGHT, NIDDK PERSONNEL OFFICE, BLDG. 31, ROOM 9A30, 9000 ROCKVILLE PIKE, BETHESDA, MARYLAND 20892; (301) 496-4231.

Journal of The American Society of Nephrology

Whether your specialty is Nephrology, Urology, Internal Medicine, or Transplant Surgery, the Journal of the American Society of Nephrology (JASN) will keep you on the leading edge of new thought, new research, and new discoveries in the field. This resource will augment your understanding of the dynamic interaction between...
Physicians lack the time to spend hours researching questions such as the treatment of focal glomerulosclerosis. Relevant texts can be several years out of date, not organized to answer specific clinical questions, and often do not offer recommendations for therapy. *UpToDate™* evolved from the need to get this essential information quickly.

*UpToDate™* is the revolutionary educational program on CD-ROM that is redefining clinical practice in 60 countries. Described as a "welcome improvement over paperbound textbooks" (New England Journal of Medicine), *UpToDate™* provides authoritative, current answers to your common clinical questions. Accessing the information involves a simple three step process: A search term is entered. *UpToDate™* produces a list of titles answering specific questions related to the topic. After the desired title is chosen with the click of a mouse, *UpToDate™* provides a fully referenced, printable, in-depth discussion of the selected topic.

**Features**

- An updated CD containing new and important information in all areas is sent every four months.
- The text is fully referenced with MedLine™ abstracts instantly available. Specific recommendations are made.
- Simple search technique with extensive cross-referencing.
- Important data and major study results are illustrated in graphs and tables. The program also incorporates high-quality histologic pictures for the major renal diseases.
- All of the material in *UpToDate* can be printed to put on patients' charts or to send to referring physicians.
- Unlimited Category 1 CME credits from the AMA are available for every hour that you use *UpToDate*.
- On CD-ROM for Windows, Macintosh, and HP Palmtop.

The same CD contains complete sections in endocrinology, diabetes, and cardiology, as well as developing sections in all of the other medical subspecialties (most of which are also endorsed by their major national society).

A Waverly Company
Notice to Authors and Subscribers

The American Society of Nephrology is pleased to announce that C. Craig Tisher, M.D., has been elected Editor of *The Journal of the American Society of Nephrology*. Beginning July 1, 1996, Dr. Tisher will assume the editorship from Jared J. Grantham, M.D., who has served as Editor since the Journal’s inception in 1990.

Since 1980, Dr. Tisher has served as Professor of Medicine and Pathology and Chief of the Division of Nephrology, Hypertension, and Transplantation at the University of Florida, Gainesville. He is also Professor of Anatomy and Cell Biology and a member of the department’s doctoral research faculty.

Beginning July 1, 1996, all *JASN* manuscript submissions should be sent to the following address:

C. Craig Tisher, M.D.
Editor
*The Journal of the American Society of Nephrology*
Division of Nephrology
University of Florida
P.O. Box 100224
Gainesville, FL 32610-0224

Ms. Bonnie O’Brien will continue as Managing Editor for the Journal, and requests for further information should be directed to her at (913)588-7605 [fax: (913)588-7606; e-mail: bobrien@kumc.edu] until August 1, 1996. All manuscripts that are currently under review will continue to be managed by Dr. Grantham.
Shouldn’t you be among the many physicians who rely on Medicine?

Analytical Reviews of Internal Medicine, Dermatology, Neurology, Pediatrics, and Psychiatry

Subscribe to Medicine and you’ll...

- Gain insight from leading scholars about the latest results in clinical investigation.
- Review in-depth major medical topics relevant to both hospital and office practice.
- Stay up-to-date through Medicine’s timely practice-oriented reports of significant clinical observations.

Here’s what our readers have to say...

“Excellent journal, fine balance and very outstanding scholarship.”

“First-rate journal. I highly recommend it for residents, fellows, students.”

“One of the best for ‘state-of-the-art’ yet practical reviews.”

Published Bimonthly

Every month, Pediatric Research puts you in touch with leading authorities in pediatric pulmonology, endocrinology, cardiology, developmental biology, neonatology, genetics, metabolism, gastroenterology, and nutrition. You'll read about significant new clinical and laboratory results, as selected and reported by an international array of distinguished contributors and editors.

Abstracts of major society meetings worldwide and occasional supplements on specific issues in pediatric health are also part of the package, but the hallmark of Pediatric Research is research, and lots of it. Each issue contains about 20 original articles — 4 to 6 pages each — on late-breaking investigations into the most difficult problems of childhood disease. In addition, there are regular state-of-the-art reviews on topics of wide interest that describe important new developments in pediatric research.

As advances are made in the understanding and management of these and other baffling childhood disorders, Pediatric Research will continue to be there with timely, accurate, and useful reports from leaders in the field.
The last word in alcoholism research...

ALCOHOLISM
Clinical and Experimental Research

The Official Journal of the Research Society on Alcoholism and International Society for Biomedical Research on Alcoholism
Editor: Marcus A. Rothschild, M.D.

Here's your chance to complete your professional reading list with the most comprehensive, most significant journal in the field of alcoholism studies—Alcoholism: Clinical and Experimental Research.

Nine times a year, you'll get original research articles on alcoholism, alcohol-induced syndromes, and organ damage. The basic sciences—including biochemistry, experimental neurology and psychology, psychiatry, and physiology—are all represented, as are clinical science (including epidemiology and work with human subjects) and the therapeutic professions. Expert critiques of timely publications, abstracts from important international meetings, and society news and announcements complete this invaluable update.

Now entering its 20th year, Alcoholism continues its popular "Symposium" feature, inviting leading authorities to survey specific—and critical—topics.

As one of the leading journals in the substance abuse category, Alcoholism attracts some of the finest minds in research today. Distinguished editors from the Research Society on Alcoholism carefully select all the important results you need for your laboratory or office work.
